Mr. Bill Boyles
1435 N. Combree Rd.
Lakeland, Fl. 33801

Dear Mr. Boyles,

I wanted to take a moment to express to you how satisfied my wife and I are with the results of our pool renovation. When we first met you, our mission was to find someone that would remove our pool. That would have been a horrible mistake after seeing how you transformed our fifteen year old, ordinary looking fiberglass pool into something that we now enjoy using as well as looking at.

None of our friends can believe that it is the same pool because of the resurfacing, border copping, and decorative tile that you added. The pool now looks more inviting and makes a real visual statement. Of the changes that were made, perhaps what we enjoy the most is the substantial less maintance because of the chlorine free system you installed along with the modifications made to the walls of the pool. We feel we can now spend time swimming and not cleaning.

We also very much appreciated that you and your workers were neat, punctual, and respectful of our property. We would not hesitate to recommend your company to anyone or talk to any prospective clients seeking a reference. Thanks again for a job Well done.

Sincerely,

Claude P. Ward
